

To Whom It May Concern

I am happy to provide a reference for JUMBO PRO STEEL, the company with who we worked with for many years. Our business relationship was a successful one; the most proper words to define the team from Jumbo are integrity and skill.

From the beginning my company had with JUMBO PRO STEEL a very dependable, straightforward and honest relationship. I'm happy to recommend them to anyone seeking for their services.

Sincerely,

Florin Chitu
General Manager
