Letter of Recommendation

The purpose of this letter is to formally and publicly recommend Jumbo Pro Steel for the excellent service provided to UMUC SA during the projects we developed. In my opinion, the level of service that Jumbo Pro Steel extended to our company was far beyond our expectations.

I have never before written a letter like this on an entirely unsolicited basis. However, in this case I was so impressed by the support and services provided by Mr. Laurentiu Diaconu and his team that I felt compelled to go on record with my praise. Their example even had a positive impact on the attitude and productivity of our own staff!

In closing, I believe that Jumbo Pro Steel truly deserve to be congratulated and rewarded for providing excellent services and support well beyond the expectations of our company.

Sincerely,
General Manager
Mihalache Alin
